ROSALIA

MACROSCOPIC DESCRIPTION

Rosalia Marble is a natural stone extracted from Turkish quarries characterized by a rather homogeneous beige or greyish background and fine red veining, particularity that characterizes this material and makes it very recognizable. Very suitable in modern and contemporary design projects, Rosalia marble best expresses its aesthetic qualities with finishes as polishing, honing and sanding.

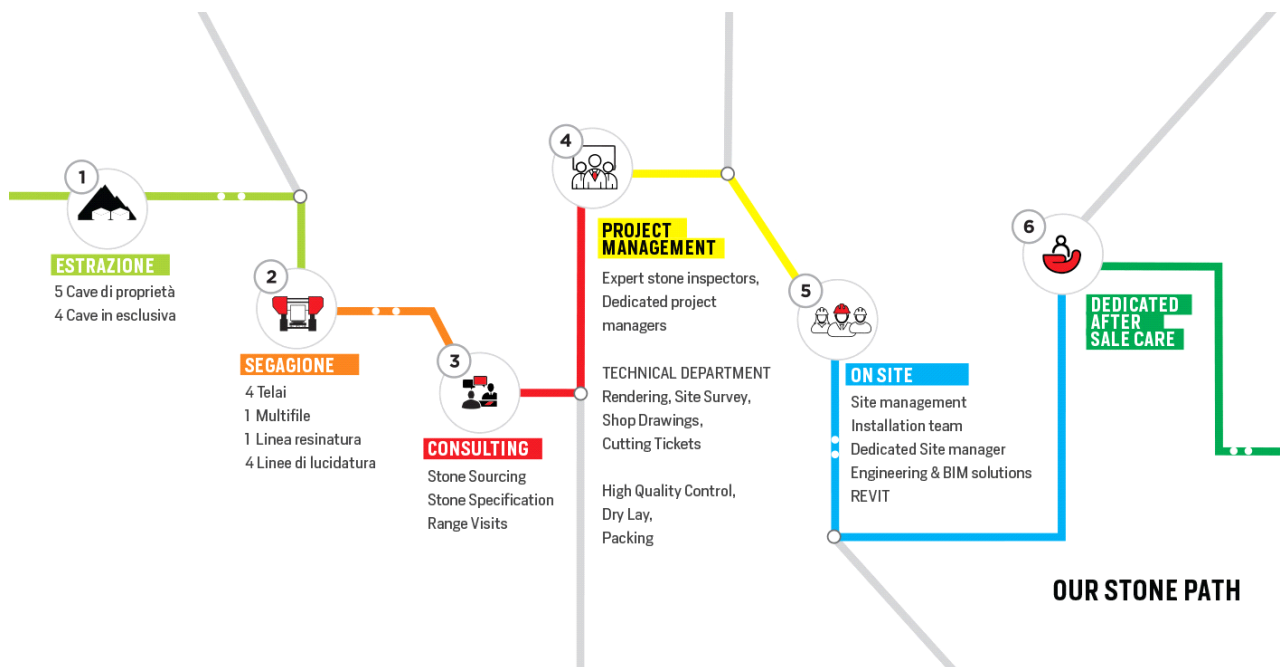

SHOW ROOM
Via Covetta, 1
54033 Avenza, Carrara

HEADQUARTER
Via Covetta, 2
